KOREC Appoints John Cartledge as Mapping and GIS Business Manager

10th January 2024: KOREC is delighted to announce that John Cartledge has been appointed to the role of Mapping and GIS Business Manager.

With more than thirty years in the geospatial industry, John spent over two decades at Ordnance Survey where he undertook a number of positions that saw him working in consultancy, commercial sales, operations, project management and development roles.

Possessing a deep understanding of the unique business challenges confronting the geospatial industry amid a period of significant market growth, John will bring invaluable expertise to this role.

Managing an established KOREC mapping team, his arrival coincides with a phase of further expansion for KOREC including the recently announced partnership with Wingtra, augmenting the drone portfolio, and the growth of K-MATIC, KOREC's in-house software development company responsible for the KOREC Capture software suite.

The addition of John Cartledge to the team reflects KOREC's commitment to leadership and excellence in the geospatial sector during a time of exciting developments and growth.
